

## Requirements for Football Game Attendance at Lewis Field

TMP-Marian is blessed to have FHSU's trust so that we can host a football game even when the university itself had to cancel its own fall activities.

FHSU will not allow us to use Lewis Field if our fans do not follow the same expectations as the FHSU students and professors. With this in mind, please consider carefully before attending TMP-Marian's season opener against Oakley. **If you cannot follow these expectations, please support the Monarchs via live stream or radio.**

### Masks

- Wear masks to enter and leave the stadium.
- All spectators closer than 6 feet from a non-family member must continue to wear masks when seated.
- Students in the student section or not 6 feet from another non-family member, must wear masks.

### Social Distancing

- Being outside is a great mitigating factor, but it does not trump the requirements of wearing a mask when unable to social distance.
- Be 6 feet away in all directions from any non-cohabitating person. Please be willing to give up the "good" seats in order to distance.

### Gatherings

- Absolutely no tailgating or gatherings before or after the game on the FHSU campus. The teams will immediately head to the locker rooms after the game so do **NOT** gather on the track or field. You will help keep activities longer by heading straight to your vehicles.
- Junior high and elementary students are encouraged to stay in the stands to cheer on the Monarchs.

### Concessions

- The west concession stand will be open. They will serve popcorn, pop and boxed candies. There will not be concessions on the east side.

### Band

- The band will sit in the south bleachers separate from the home bleachers. This will allow for more space to distance. Their instruments will be masked.

Finally, please respect the administrators who are trying to enforce these requirements. Let's come cheer the team and support our students! **GOD BLESS AND GO MONARCHS!!**
